

JB Charelle Eglesia

I am looking for a Computer Programmer position where I can use my coding and problem-solving skills. I am eager to learn new skills and gain work experience while improving my knowledge.

EXPERIENCE

Map Encoder/Labeler

RYU Data Centre / 052-A Dasmaville subd., brgy. zone 1, Dasmariñas, Philippines / Dec, 2022 - Aug, 2023

- Mapping Services and focus on the structures and houses which are permanent in a map/country
- Count the number of houses and buildings in a given area by drawing on the exact shape of building/house rooftops.

Team Leader/ Front-end Developer (Work Immersion)

Melham Construction Corporation / no.27 Commonwealth Avenue Diliman North Fairview Quezon City / Aug, 2022 - Sep, 2022

- Contribute to software development projects by assisting in coding, testing, debugging, and documentation.
- Working on ExSite website
- Monitoring website and database
- Conducted team collab meetings

TRAINING/CERTIFICATIONS

Responsive Web Design freeCodeCamp/ 2023

In the Responsive Web Design Certification, I built a cat photo app using HTML and CSS, learned CSS variables by creating a penguin, implemented accessibility best practices in a quiz site, and developed a responsive photo gallery with Flexbox and a magazine layout with CSS Grid.
